

Bandit Tree Equipment in Melbourne now five years strong

The team at Bandit Tree Equipment in Knoxfield is celebrating – it has been five years since their branch officially opened.

Bandit Tree Equipment has built its reputation on excellent customer service. One of the first customers through the doors was Kevin Fleming from Fleming's Tree Services of Traralgon who purchased a Bandit 9" chipper back in August 2004. Kevin has since gone on to buy more machines from the team at Bandit.

"We have been thrilled with all of our dealings with Peter Goland and the staff at Bandit's Melbourne office," Kevin said.

"My wife Julie and I are always very well looked after; they will bend over backwards to help us when we need it. We could not be happier with the service we receive and would recommend them to anyone."

Bandit Tree Equipment's director, Mark Marriott, summed it up by saying: "I am very proud of all the hard work that our Melbourne team has put in over the past five years. The customers are voting with their feet and we are again expanding the branch to cope with the extra demand in both our sales and service departments. Very well done to Peter and the crew."
