

MODEL 2550

Hydrostatic Stump Grinder

The Model 2550 is a high production stump grinder packed with power to meet the needs of professional stump grinding contractors who need a dependable and reliable workhorse. The Model 2550 features a **heavy-duty hydrostatic motor** to directly power the cutter wheel, eliminating the need for a clutch, jackshaft, drive belt, belt tensioning system, and the many sheaves and bearings associated with those components. This substantially reduces downtime, increasing production while lowering operating costs. With gasoline and diesel Kubota engine options from 35 to 49 horsepower, the Model 2550 packs the punch to power through large jobs.

MANEUVERABLE AND POWERFUL

- Low-maintenance **hydrostatic drive**
- Standard swing out manual **control panel**
- Available with 4WD, side-mounted manual controls, wireless remote control and grading blade

Beltless Hydrostatic Drive

With no drive belts, sheaves, bearings or clutches to worry about, engaging the cutter wheel is **as simple as pushing a lever**. Easy-to-use **machine-mounted controls** are intuitive and positioned to provide good visibility while grinding, allowing the operator to take full advantage of the 2550's capabilities. This reliable system delivers power directly to the cutter wheel with **virtually no parasitic power loss**.

High Power With Low Maintenance

Bandit's hydrostatic direct-drive stump grinders deliver all the **stump grinding power** demanded by professionals, without all of the maintenance normally associated with stump grinders. It's not uncommon for companies to see maintenance costs drop by as much as 30%, compared to traditional stump grinders.

Class-Leading Performance

The Model 2550 features a class-leading **53-1/2" cutter swing** for **grinding**, while also grinding to a depth of 15". Equipped with the Bandit **Revolution wheel** as standard equipment, you'll spend less time repositioning and changing teeth and more time grinding.

Specifications

Dimensions:

LENGTH (W/BLADE) :	120-1/2"
HEIGHT:	72" Swing out Model 56" Kubota Remote or no swing out option
WIDTH:	35.5" single wheels 51.5" dual wheels
WEIGHT:	2,280 lbs.
FUEL TANK:	8.5 gallons
HYDRAULIC TANK:	8.5 gallons

Engine options:

GAS:	35-49.6 HP Kubota
DIESEL:	49-49.6 HP

Cutter Wheel System:

CUTTER DEPTH:	15"
CUTTER HEIGHT:	23-1/2"
CUTTER SWING:	53-1/2"
WHEEL STYLE:	Revolution
WHEEL DIAMETER:	21"
WHEEL THICKNESS:	1-1/4"

Drive System:

Self-propelled drive system with a travel speed of 140 FPM

MODEL 2550T

Hydrostatic Stump Grinder

The Model 2550 Track is a high production stump grinder with the go-anywhere mobility of a track machine. With a **49 or 49.4-horsepower diesel engine**, it's packed with the power to meet the needs of professional stump grinder contractors who need a dependable machine and reliable workhorse. The **heavy-duty rubber tracks** provide great traction and flotation, while remaining turf-friendly for delicate surfaces and lawns. The Model 2550 Track features a capable **hydrostatic motor** to directly power the cutter wheel, eliminating the need for a clutch, jackshaft, drive belt, belt tensioning system, and the many shaves and bearings associated with those components. This **reduces downtime**, resulting in a more productive machine out in the field and a lower cost of ownership.

MANEUVERABLE AND POWERFUL

- **Heavy-duty rubber tracks**
- Standard **operator's console** with **optional wireless remote**
- As capable in back woods as it is in back yards

Heavy-Duty Rubber Tracks

The undercarriage on the Model 2550 Track is designed and built in-house by Bandit Industries. Thoroughly tested, this powerful, capable drive system utilizes rubber tracks that are **turf friendly** while providing **low ground pressure** for sensitive areas. With a machine weight of approximately 2,560 pounds, the Model 2550 Track is easy to transport, **easy to maneuver**, and at 35" wide, narrow enough to fit through tight spaces and backyard gates.

High Power With Low Maintenance

Bandit's hydrostatic direct-drive stump grinders deliver all the **stump grinding power** demanded by professionals, without all of the maintenance normally associated with stump grinders. It's not uncommon for companies to see maintenance costs drop by as much as 30%, compared to traditional stump grinders.

Class-Leading Performance

The Model 2550T features a class-leading **53-1/2" cutter swing** for **grinding**, while also grinding to a depth of 15". Equipped with the Bandit **Revolution wheel** as standard equipment, you'll spend less time repositioning and changing teeth and more time grinding.

Specifications
