

# 15XP DRUM CHIPPER

WIDE INFEED HOPPER FITTED WITH DUAL HORIZONTAL FEED ROLLERS  
SUPPORTED BY 8K (3630KG) CAPACITY SPRING AXLE AND 17.5" TYRES

The 15XP is a compact 15" capacity chipper that uses proven components from Bandit's 12" and 18" chippers to create a strong machine up to any challenge. Fitted with CAT's 142hp turbo diesel engine with a huge 624Nm of torque, the Model 915 has the same engine as its big brother, the 18XP, but in a more compact package. At a modest 3400kg with all options fitted, many existing chipper owners can run the 15XP without having to invest in a larger truck.
